New Delhi, India

Professional Summary

Frontend Developer with 2.5 years of experience building React.js applications, from Figma designs to live deployment. I've worked on 30+ client projects, building dynamic UI features, integrating APIs, and writing reusable, well-structured components. I care about performance and making sure things work consistently across browsers.

Technical Skills

- **Languages & Frameworks:** React.js (Hooks, React Router, Redux/Redux Toolkit), JavaScript (ES6+), TypeScript, jQuery
- **Styling & Markup:** HTML5, CSS3, SASS, Tailwind CSS, Bootstrap
- **Frontend Concepts:** REST API Integration, Responsive Design, Performance Optimization, Cross-Browser Debugging
- **Tools & Version Control:** Git, GitHub, VS Code, Chrome DevTools
- **Currently Learning:** Next.js, MERN Stack (MongoDB, Express, Node.js)

Professional Experience

Frontend Developer

NexGen Innovators

Dec 2023 – Present

- Developed dynamic frontend features using React.js, integrating REST APIs across 5+ projects for real-time data handling and interactive UI.
- Built 30+ pixel-perfect, responsive interfaces from Figma designs, reducing average build time by 30% through a reusable component-based approach.
- Managed an Annual Maintenance Contract (AMC) project end-to-end — direct client communication, resolving 10+ issues/month, and continuous frontend improvements.
- Delivered custom storefront and checkout customizations for 4+ e-commerce clients, building dynamic UI sections and improving consistency across devices.
- Built and maintained responsive business/marketing websites for 3+ clients, translating Figma designs into pixel-perfect, cross-browser layouts.
- Delivered frontend for 3+ projects on backend-integrated stacks, ensuring performance and cross-device compatibility.
- Used AI-assisted development tools (GitHub Copilot, Claude, Cursor, ChatGPT) to improve development speed and debugging efficiency by 40%.
- Collaborated closely with backend teams to ensure seamless UI/UX integration.
- Ensured cross-browser and cross-device compatibility across 4+ major browsers, maintaining consistent UI quality.

- **Key Projects:**
 - Built a fully responsive, multi-page platform from Figma to production; developed a feature to fetch live API data and implemented a complete signup/login flow with dynamic user interactions.
 - Delivered a full e-commerce build from Figma to production in 3 weeks, achieving cross-browser parity across 5 browsers.
 - Delivered 3+ business/marketing websites with optimized performance and consistent UI.
 - Built frontend for 3+ projects on backend-integrated stacks, translating Figma designs into responsive, cross-browser interfaces.
 - Customized storefronts and checkout flows for 4+ e-commerce clients.

Personal Projects – React.js

- **Movix** – Movie search app built with React and Redux, integrating the TMDB API for real-time search and movie data | [Live Demo](#)
- **Weather App** – Weather forecasting app with Google Authentication and OpenWeatherMap API integration | [Live Demo](#)
- **Z-Mart** – E-commerce store built with React and Redux, using the FakeStore API for product data and cart management | [Live Demo](#)
- **To-Do App (React.js)** – Task management app built with React, using local storage for persistent data | [Live Demo](#)
- **To-Do App (AngularJS)** – CRUD-based task management app built with AngularJS via CDN | [Live Demo](#)

Certifications

Frontend Development with React

Tech Altum, Noida (ISO Certified & MSME Registered)

Jan 2023 – Sep 2023 | Certificate No: TA231008

Education

MCA – Master of Computer Application

Glocal University, Saharanpur | 2021 – 2023

CGPA: 8.37/10

Languages

- **Speaking:** English, Hindi, Urdu
